Trench cover 1220mm x 1600mm

Lumi® Technology

Solar lamps ensure an advanced safety solution for pedestrians during street works.
A UK first, no other company has this patent pending and design registered technology.

Max load of 700kg - 0.5m trench span

The Trench cover walkway board is a highly versatile and safe trench cover, designed for covering apertures, bores or trenches during maintenance, construction and repair projects. The walkway boards allow safe access and passage over and around site excavations for pedestrian and light vehicular access.

Meets and exceeds all of the UK standards and regulations

Approved by Transco, most local authorities and utility companies, Tricel safety products are a highly cost effective solution to site safety and access, and are fully compliant with UK & European Legislation.

- Department for Transport (Safety at street works and road works, October 2013).
- Department for Transport (Practical guide for street works, June 2006).
- DETR (Best practice in street works and highway works, 2001).
- Transco: (T/SP/E42. Technical specifications for footway boards, ramps and road plates).

Applications

- The Trench cover walkway boards are designed to cover excavations up to the following loadings in the case of a trench:
- Max load of 600kg - 0.7m trench span • Max load of 700kg - 0.5m trench span

Weight

- 1220mm x 1600mm: 27kg

Safety

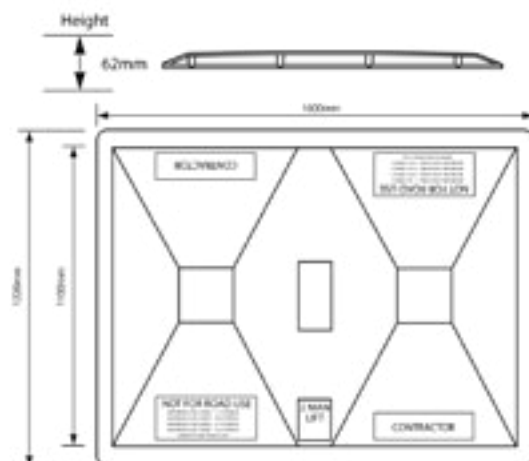

- Manufactured from SMC glass reinforced plastic.
- High strength to weight ratio.
- Non trip leading edge.
- Exceeds HSE slip resistance.
- Light vehicular access to private driveways is easily maintained.
- Safe working load over a trench for a single tyre footprint.
- The products have no scrap value thus eliminating on-site theft problems.
- Product neither warps nor delaminates in adverse weather conditions.
- Can be manufactured with permanent corporate logos.
- Reflective markings available on certain models, make them quite simply the safest products available on the market.

Product Composition

- Constructed from SMC, the Trench cover walkway boards are designed to be tough, lightweight, durable and safe with an easy to clean system as an alternative to heavy steel sheets.

Colours

- Standard yellow. Some other colours are available to minimum orders.
