Width/Dia	mm	1680	1680	1680	1640	1640
Height	mm	1679	1910	1910	2000	2000
Inlet invert to base	mm	1118	1325	1362	1375	1375

*Other sizes available on request.

Why buy a Tricel Fortis or Tricel Vento?

Irish company

Local advice and back up service ensuring a swift response to after sales service calls.

Range

Large range of sizes available in one tank format.

Reliability

40 years in business, currently treating over 18 million litres of wastewater per day.

Choice of material

Tricel septic tanks are available in GRP and polyethylene, you decide what suits your site conditions.

Efficiency

Treating wastewater to EN12566-1

Easily transported

Lightweight and easy to transport and manoeuvre on site especially in space limited applications.

Tricel Vento

Tricel Vento septic tanks are manufactured from high density polyethylene using the latest in blow moulding technology.

This market leading product possesses high strength and durability characteristics, when combined with its lightweight this ensures ease of installation that makes it ideally suitable for all septic tank applications.

Low profile - smaller excavation

Certified to EN12566-1

	Units	Vento 6	Vento 12	Vento 20
Capacity	litres	3000	4000	5000
Length	mm	2700	2040	2430
Width	mm	1190	1850	1850
Height	mm	1440	1540	1540
Inlet invert height	mm	1180	1220	1220

*Other sizes available on request.

Safety

Lids are fully securable for onsite safety.

Easily installed

Lightweight for ease of installation. Most tanks depending on site conditions installed without concrete.

Value for money

The Tricel Fortis and Vento are durable long lasting products, expertly designed for effective and efficient treatment of wastewater at a highly competitive price.

Clever design

Low profile tanks have a smaller excavation, saving you money.

Fast delivery

Large network of distributors serving all of Ireland.

Engineered

All Tricel septic tanks are engineered to the highest standards.

Tricel is a global provider of high performance solutions for the Water, Environmental, Construction and Materials industries.
